

The success of ESB is a direct result of member participation in various professional, technical, and social activities. Active committee involvement can increase professional knowledge, enhance the development of meaningful friendships, and create lasting business relationships. All members are welcome to attend our meetings that typically take place on the second Monday of the month. New ideas are always welcome! How can we mold our vision of ESB with yours? Did you know that ESB provides twelve scholarships each year and has been giving out scholarships since 1950? Your continued support has been amazing! Corporate membership includes up to five contacts. Beyond five is an additional \$40 per person. Please check the following information as it will be used to create our membership roster. Please return the following with any updates (including adding additional contacts) with payment ASAP. Thank you!

September 2016 thru August 2016
